

MEMBERSHIP REPORT

At the end of December 2020 the overall membership figure was 501.

During the year we had 1 new member, 3 resignations and 10 deaths.

Compared to 2019, when the membership figure was 513, the overall strength of the Association is healthy.

The committee is always looking at ways of attracting new members, especially those who entered the school from the mid to late 1960's onwards. It is hoped that with new posts on Facebook and other social media sites, we can attract younger members in the future.

Peter Samuel
Membership Secretary
